

THE UK GIG ECONOMY:

Platform business and labor rights

The UK's gig workers contribute £20 billion to its economy, making it one of the largest gig economies in the world.

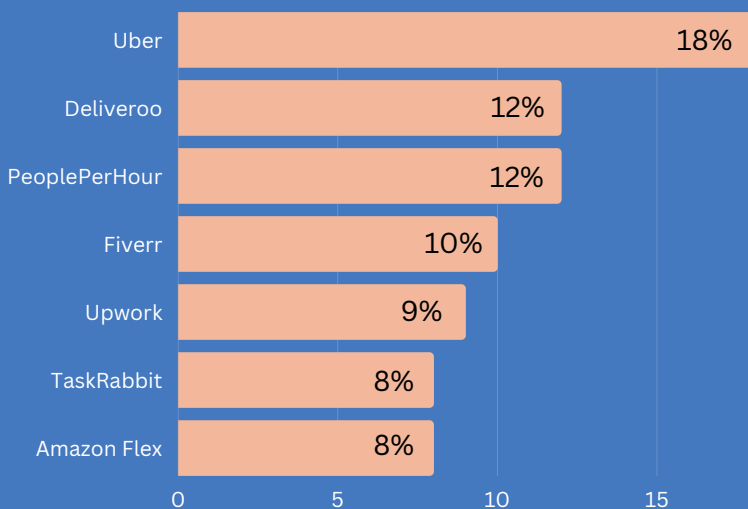

Did you know?

52% of the UK's gig economy workers earn below minimum wage

22.1% of the UK workforce has worked at least once a week in the gig economy.

How are companies expanding?

More drivers are joining the force

Uber is seeing an influx of European taxi drivers joining its platform. European taxi drivers' usage of the app has doubled in the year ended April 30, from 5% to 10% of all rides.

Delivery apps charge high prices

Delivery Apps can cost more than a third extra than buying directly from a supermarket – even before paying a delivery charge. Deliveroo charges twice as much.

Partner and Poach

The convenience retailer Co-op's partnership with Just Eat is delivering from nearly 1,000 stores by the end of May as it increases its online availability.
